MARYVILLE, MISSOURI, FRIDAY, JULY 18, 1913.

NO. 39.

MORE GAME LAWS

STATE AND NATION BOTH PROTECT WILD ANIMALS.

BIRDS AND FISH ALSO

Nimrod Should Be On Lookout as Each May Prohibit the Doing of Different Things.

In addition to the new state game laws, we have a new national game law, passed by the last congress and approved March 4, as one of the last official acts of President Taft, which becomes effective October 1, by the regulations prepared by the department of agriculture and now published for the criticism of the public.

These regulations in a large measure supersede state game laws and bird laws. Where they are more restrictive than the state laws, the latter will not apply, but in such instances as those where the state laws supply additional restrictions, the latter will remain in effect. There is nothing permissive about the federal law. It is not a license to do anything not prohibited. It is a restrictive only, and states may indulge in as much additional protection to birds within their borders as they desire. No hunter can violate a state law because it differs from the federal law, nor can he violate the federal law because of any state regulation.

The following is the state game law: Section 6516. No person shall take, capture or kill, by any means whatever, any game birds except the following named game birds between the following dates: Wild turkey, November 1 to December 31 of each year; quail (bobwhite, partridge) from December 1 to December 31 of each year; ducks, geese and brant, January 1 to April 30 and September 15 to December 31 of each year; snipe, January 1 to April 30 and September 15 to December 31 of each year; plover, September 1 to December 31 of each year; doves, September 1 to December 31 of each year. Anyone who shall violate any of the provisions of this section shall, upon conviction thereof, be punished by a fine of not less than \$25 nor more than \$50 for each offense, and an additional fine of \$5 for each bird injured, killed or possessed.

Section 6521. No person shall pursue, injure, capture, kill or destroy any gray squirrel, fox squirrel (American squirrel) or black squirrel, only from July 1 to November 30, both inclusive; nor shall any person pursue, injure, capture, kill or destroy any such squirrels at any time in any public or private park; provided, that any person may protect his premises from the ravages and depredations of animals named in this section at any time and in any way. Any person who shall violate any of the provisions of this section shall be punished by a fine not to exceed \$25.

Section 6521a. It shall be unlawful for any person to kill any fur-bearing wild animal or take, offer for sale, bargain or buy any pelts of fur-bearing wild animals of this state, when said pelts have been taken out of season. The season for taking such pelts shall be provided from November 1 to December 31, and January 1 to February 1 of each year. Provided, that any person may protect his premises from the ravages and depredations of any animals named in this section at any time and in any way. Penalty, fine not exceeding \$25.

Section 6522. The right given by this article to take or kill deer or birds, or to have in possession unless otherwise specified, is limited to food purposes, and to one deer, two turkeys and ten birds of any family for each person in any one calendar day, and no person shall take, kill, or have in possession at any one time more than two deer, four turkeys and fifteen birds of any family. No birds, game or fish protected by this article shall be held in possession by any person for more than five days after the close of the season for killing the same. Penalty, \$25 to \$50 fine.

No person is allowed to sell or offer for sale, under any name, any bird or animal, whether taken within or outside the state, under penalty of \$25 to \$50 fine and \$5 fine for each additional bird or animal.

Explosives and poisons are positively prohibited in the taking of fish or game, under heavy penalty.

KEEFE FUNERAL SATURDAY.

Services in the First Christian Church—Engle Is Not Seriously Hurt and Was Up Today.

The funeral services for George R. Keefe, who was killed Wednesday night in an automobile accident a mile and a half southwest of Barnard, will be held Saturday morning at 9:30 o'clock at the First Christian church. The services will be conducted by Rev. J. Arthur Dillinger. The burial services will take place at Miriam cemetery, in charge of the Masons. Mr. Keefe was a member of the Masonic, Modern Woodmen and Owls lodges.

N. Noll of Bethel, Mo., the father of Mrs. Keefe, arrived Thursday night, and Ferdinand Noll of Fort Wayne, Ind., arrived Friday morning. A sister of the deceased, Mrs. T. S. Burns of Washington, Ga., telegraphed Mrs. Keefe not to hold the funeral services on her account, as she could not reach Maryville before Sunday. Mrs. Keefe is receiving many messages from the friends of her husband, and it is expected that a large number around Maryville will be in attendance at the funeral.

Henry Engle of Burlington Junction, who was in the automobile with Mr. Keefe when the accident occurred, is not in a serious condition. He was still sore Friday from the effects of the fall he had from the car, and also the nervous shock. He was sitting up most of the day Friday, but was not able to go down town.

The Engle car will be brought to the city this evening. It is not known fully the extent of damage to the car. Sewell & Carter of this city left this afternoon for the machine.

Notice to Masons.

All Masons are requested to meet in the lodge hall at 8:30 o'clock Saturday morning and march in a body to the First Christian church to attend the funeral services of our late brother, George R. Keefe.

F. F. COOK, W. M.
FRED. W. SMITH, Secretary.

BROUGHT THE HIGHEST PRICE.

Cattle Shipped by Linville & Son Sold Well on the Chicago Market.

Linville & Sons of Skidmore shipped Saturday fifty-one head, or three car loads, of very fine cattle to the Chicago market, says the Skidmore New Era.

They averaged 1,573 pounds in Skidmore and 1,520 net in Chicago, and sold for \$8.65 per hundred. These cattle, says W. R. Linville, were the heaviest and brought the highest price by 15 cents of any cattle sold and shipped by him in the thirty years of experience as a feeder and shipper in Nodaway county.

One load of these cattle would have averaged 1,800, and one steer, not a stag, but a good straight steer, weighed over the scales in Skidmore 1,910 pounds.

These cattle were put on feed March 1, and made an average gain from that date until date of shipment of 291 pounds, and netted at Chicago \$126.39 each. That looks pretty high for beefsteak, but \$126.39 for a steer sounds mighty good to the farmer and cattle feeder.

There is nothing that will put the fat on a steer like good old Missouri blue grass and big yellow corn. Farmers of Missouri, you have a gold mine right here, you don't have to go to Colorado, California or the Klondike to find it. When you get Missouri blue grass, Missouri corn and big red steers together you have it.

THEY WERE ALL DISCHARGED.

Brotherhood Trying to Get Five Trainmen Who Were Arrested Here Reinstated.

Mayor A. S. Robey received a letter this morning from F. B. Andrews of Des Moines, chairman of the Brotherhood of Locomotive Firemen and Engineers of the Chicago Great Western railway, asking for particulars in the case of the five trainmen from Conception who were arrested here last Saturday. The letter stated that these men had all been discharged by the railroad company. The brotherhood thinks this was probably an unjust action, and is trying to get the men reinstated.

Dean Wright Getting Better.

Dean Wright, the son of Mr. and Mrs. E. O. Wright of Bedison, who has been very ill of appendicitis at St. Francis hospital, is getting along nicely, and it is thought he will be able to be removed from the hospital Monday to the home of his grandmother, Mrs. Rebecca Gray, in this city. It has been four weeks since the young man underwent the first operation, with a second operation a few days later. His mother has been with him continuously during his illness, which was critical for several days.

Not Expected to Live.

R. G. Ray, who lives near Kamar station near Burlington Junction has been very ill from heart trouble the past week. His condition Friday was much worse and he is not expected to live. He is an old settler.

TO BE HERE AUG. 1

THAT DAY WILL BE ALFALFA DAY FOR MARYVILLE.

LECTURE TO FARMERS

Speakers to Talk On Alfalfa and Campaign to Be Started for More Alfalfa—At Other Places, Too.

Alfalfa day in Maryville will be Friday, August 1. The Alfalfa special, a train of baggage, dining and sleeping cars bringing the speakers and exhibitors, will arrive at the Burlington depot at 4 o'clock that afternoon and will leave at 6 o'clock. This date and time were announced in a schedule sent this morning to John I. Hoffman, local manager of the campaign, by the officials of the Burlington.

During the two hours which the train remains here the speakers will be taken in automobiles to surrounding alfalfa fields to lecture to the farmers. The speakers who are in this campaign are:

From the colleges—Professors W. J. Kennedy, H. R. Hughes, John Buchanan, A. M. Tenenke and P. C. Taff of Ames; Professors M. E. Miller and C. H. Doane of the Missouri college of agriculture.

From the agricultural extension division of the International Harvester company—Professors P. G. Holden, C. H. Allen, H. E. Eiebling, C. M. Carroll, W. R. Baughman, C. W. Farr, R. W. Lamson, J. E. Waggener and J. E. Buck.

B. W. Crossely of Council Bluffs and J. B. Lamson, agriculturist of the C. B. & Q. R. R.

As only six men are to lecture in each place it is not known yet which of these men will be in Maryville.

This campaign is the biggest thing of its kind ever attempted, and the plans to make it a success are many. In some towns the mayors are proclaiming Alfalfa day and asking that business be suspended during the hour of the meeting. Such a plan may be tried here.

The schedule for the meetings in the other towns in the county is:

August 1, Friday—Barnard, 10:30 a. m. to 12:30; Hopkins, 7 p. m. to 9 p. m.; August 6, Wednesday—Clearmont, 8 a. m. to 10 a. m.; Burlington Junction, 10:30 a. m. to 12:30; Quitman, 1:30 a. m. to 3:30; Skidmore, 4 p. m. to 6 p. m.

Has a New Engine.

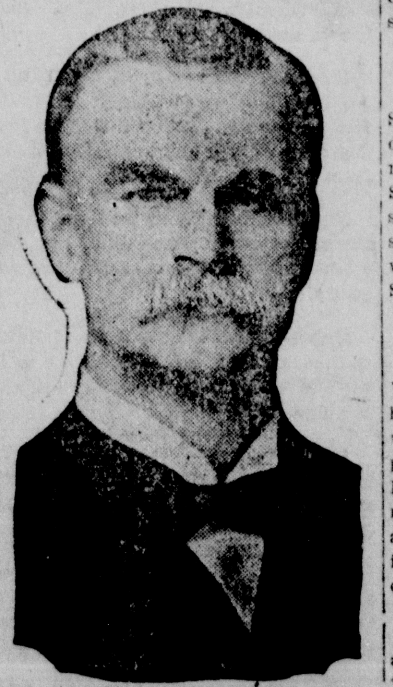

C. D. Caldwell of Burlington Junction has bought a new 60-horse power tractor oil-pull engine and a separator. He also purchased a big gang plow which he will use on his ranch west of Burlington Junction. Mr. Caldwell had about 300 acres of wheat this year beside a great deal of other small grain, and his new power outfit will be a big saving of labor and expense in threshing the grain and preparing the ground this fall and next spring—Burlington Junction Post.

Miss Dorothy Alexander of St. Joseph is visiting Miss Coe Neal in Jackson.

Mrs. S. C. Alden went to St. Joseph Thursday evening to visit her daughter, Mrs. Dale V. Alderman.

G. E. LITTLEFIELD.

Mulhall, Arch Lobbyist, Says He Paid \$500 Bribe To Elect Representative.

In his testimony before the senate lobby investigators Colonel Mulhall of Baltimore told of the part played by him for the N. A. M. in campaigns in Pennsylvania, New York and Maine. In the Maine for the re-election of Senator Charles E. Littlefield and in favor of Democratic against Senator Mr. Littlefield.

HAD LAPSE OF MEMORY.

Girl Who Was Found Unconscious in Road Could Offer No Explanation.

Audrey Royer, the fifteen-year-old daughter of Mr. and Mrs. O. R. Royer, living six miles and a half east of Burlington Junction, was discovered in an unconscious condition in the road about 200 yards south of her home at 1 o'clock Thursday morning.

In company with two neighbor girls Miss Royer attended an ice cream social at the Nick Wagner home Wednesday night. As the distance is not far the girls walked and after the social it is thought that Audrey started home alone. She was found lying unconscious in the road shortly after 1 o'clock and taken home by two young men who live in the neighborhood. Dr. C. E. Cossins of the Junction was summoned and upon examination found that the girl was suffering from a severe nervous shock and partial paralysis, caused by a large abrasion on the forehead. She was in a subconscious condition and was unable to articulate plainly.

The parents thought that their daughter had met with foul play. After Miss Royer regained consciousness late Thursday afternoon, she said she did not remember a thing after the social and did not know that she had been hurt. She could offer no explanation at all of her accident and there were no marks of violence. She told her parents of being over-heated the day before.

DEFEATED FIRST METHODISTS.

The Buchanan Street Church Team Won Game Thursday Afternoon At Normal Park.

The Buchanan Street Methodists defeated the First Methodists 11 to 3 in the ball game at the Normal grounds Thursday afternoon. This is the second defeat of the season for the First Methodists, but they still lead the league by a good margin.

The Buchanan Street Methodists played havoc with the opposing pitching staff, garnering nine hits and knocking two men out of the box. Wray started the game, but was taken out in the fourth when he had given four hits and four bases on balls. Charles Moore then went in, but lasted only one inning. Emmet Scott finished the game. Ham, who pitched for the Buchanan Street team, allowed four hits. The errors were four for the Buchanan Street Methodists and three for the First Methodists.

There will be two games Saturday afternoon. The first, at 2:30 o'clock, will be between the Presbyterians and Christians. The second, starting at 4 o'clock, will be played by the Baptists and Harmony.

Team.	Won.	Lost.	Pct.
First Methodist	5	2	.714
Buchanan St. Meth.	4	4	.500
Presbyterian	3	3	.500
Harmony	2	2	.500
Baptist	3	4	.428
Christian	2	4	.333

MAKING SOIL TESTS.

Men From Government and Also From State Busily at Work On Soil Survey in This County.

E. S. Vanatta, representing the U. S. agricultural department, and E. W. Knobbe, representing the state agricultural department, who have charge of the soil survey in Nodaway county, which they are taking this summer, were in Skidmore the first of the week making tests of the soil in that locality. They have been making tests around Burlington Junction and that section and their headquarters have been at the Junction.

Prof. C. F. Marbut, head of the field work of the United States soil survey visited in Burlington Junction last week with Mr. Vanatta. Mr. Marbut's headquarters are in Washington, D. C., and he was returning from an inspection tour in Minnesota.

Sick Student Went Home.

Miss Della Neville of Richmond, a State Normal student, went home Friday morning to remain until she has recovered from a several days' illness. She was accompanied as far as St. Joseph by Mrs. A. R. Perrin, who will spend the day in that city, and will visit her son, Lona L. Perrin, of the St. Joseph News-Press.

Traveled 1,600 Miles in Wagon.

Ira Woodard and family and Al Woodard and family of Elmo arrived home last Saturday from Arkansas where they have been living for the past year. They made the trip to Elmo overland, the distance of 1,600 miles in a covered wagon. They had a little bad luck on the trip home, losing a horse, and had to ship a part of their stuff home by rail.

Esther McMurray, daughter of Mr. and Mrs. George McMurray, returned Thursday from a visit with her grandfather, Dudley Messick of Bolckow.

Mrs. Frank Barmann, Earl Barmann and Misses Laura and Ora Barmann returned Thursday evening from Albia where they have been visiting Wednesday with Mrs. Mary Ley and family.

WHAT BOY WILL GO

CONTEST OPEN TO BOYS IN COUNTY BETWEEN 12 AND 17.

WILL SEE THE STATE FAIR

Boys' State Fair School Contest On in September to Select County's Representative.

What boy will represent Nodaway county in the boys' state fair school next September? Some boy between 12 and 17 years of age can do it, and if your boy wants the job, get him busy. A boy from each county in the state will be awarded free "doin's" at Sedalia for the days between September 27 and October 3.

County Superintendent of Schools W. M. Oakerson and Prof. J. E. Cameron of the Normal agricultural department are the ones in charge of Nodaway county. They will inform you of the rules with which you have to comply to get to see the great state fair at the expense of the fair management. Get busy. Study up. An examination will be given between September 1 and 15 to determine the lucky boy. The examination they are to give is to be based one-half upon elementary school subjects and one-half upon agricultural subjects.

Wm. P. Evans, state superintendent of public instruction; John T. Stinson, secretary of the state fair; W. A. Dallmeyer, member of the state board of agriculture and fancy stock man of Jefferson City and F. B. Mumford, dean of the state college of agriculture, are the committee in charge of the boys' state fair school. Geo. W. Reavis of Jefferson City is manager of the school and he will endeavor to excite the interest of the boys in the contest and have 114 at the big show on somebody's expense other than their own except railroad fare, which they themselves must pay.

The examination to be conducted for the choice of the county representative will be to write an essay of 250 to 300 words on "Corn Growing." Is there a boy in the county that can't do that? If there should be let him get to work and study up a little on something which every farmer has studied from the time he was old enough to ride a horse to a double shovel or ride a cultivator tongue driving for his big brother. These essay counts 25 per cent. What every boy knows should be studied and worked on.

Five questions each will be asked on elementary agriculture, arithmetic and geography.

Merely getting to the state fair is not the whole prize. Each day attention of the boy is called to the hundreds of exhibits and a scientific study made of them. Quite valuable will be the study of the production of these exhibits.

During the time the boys are in Sedalia they will be under the supervision of men who will be with them all the time, so that parents need have no fear of the safety of their sons. This is the first attempt at such a plan and the state board of agriculture believes it will be of great benefit to the successful boys and Missouri agriculture.

Mr. Oakerson stated this morning that undoubtedly a good many boys would strive for the prize in Nodaway county.

Went to Hopkins.

A party composed of Miss Alice Porter, Miss Sara McMaster, Lieber Holmes and Lewis DeHart went to Hopkins Thursday evening, where they spent the evening with Miss McMaster's parents. The trip was made in the Holmes car.

CHARLES S. MELLEN

President of New Haven Railroad Who Resigns His Position Under Fire.

DEATH AT ELMO.

Mrs. Cynthia Atterberry Died at 4 o'clock Friday Morning—Funeral Saturday Morning.

Mrs. Cynthia Atterberry, 79 years old, died Friday morning at 4 o'clock at the home of her daughter, Mrs. May Atherton, in Elmo, after a short illness from stomach trouble.

The funeral services will be held at the M. E. church in Elmo at 10 o'clock Saturday morning.

Mrs. Atterberry was born in Bedford county, Virginia, and moved with her parents to St. Louis county, Missouri, when a small child. Later they moved to Montgomery county, where Mrs. Atterberry, then Cynthia A. Goodman, was married to A. J. Atterberry, whose death occurred at their home, near Dawson, in 1892. She is survived by four daughters and a son, Mrs. M. J. Holtzhausen of Council Bluffs, Mrs. Frank Bell and Mrs. Susan Walton of Burlington Junction, and Mrs. Atherton of Elmo, and A. J. Atterberry of Breckenridge, Mo. Also a brother and sister, T. J. Goodman and Miss Martha Goodman of Americus, Mo.

Mrs. Atterberry was converted in young girlhood and united with the Methodist Episcopal church and remained a consistent member of that church.

HAD A NARROW ESCAPE.

Road Caved in Under Baker Automobile, But Party Escaped Without Injury.

Mr. and Mrs. George Baker, Miss Carrie Margaret Baker and Mr. and Mrs. E. F. Wolfert narrowly escaped a serious automobile accident Thursday night when a section of road, the approach to a bridge, near Union school house, four miles northeast of Maryville, caved in, nearly throwing the car backward into a 20-foot ditch.

The accident occurred about 10 o'clock last night. Mr. Baker was driving his car, and had just crossed the bridge from the east when a section of the road at least five feet square caved in. The left front wheel of the car went into the hole and Mr. Baker tried to put on the emergency brake. Fortunately, as he afterward discovered, he could not get the brake set, and the car pulled itself past the hole. When the rear wheel struck the hole the car was thrown out of the road and against the fence. No one was hurt, and the only damage to the car was to the steering gear.

On getting out of the car and examining the cave-in, Mr. Baker found that it was about four feet deep. Had he succeeded in stopping the car when he tried to it would have been thrown backward into the 20-foot ditch which the bridge spans.

Mr. Baker telephoned to town for aid, and the party was brought back by Ed Williams. The Baker car was not brought to town until this morning.

NORMAL SCHOOL NOTES.

A musical program was given this morning in Normal assembly. The second term music class, under the direction of Prof. Landon, gave three selections. Following this Miss Ruth Ingman of Pueblo, Col., who is visiting Mr. and Mrs. L. C. Miller of this city, sang. Miss Ingman is an accomplished singer and her selections were heartily appreciated.

Mr. Walter David, who has been attending school in New York at Columbia university, visited the Normal this morning.

The Normal students are expecting great times at the picnic this evening. After the regular classes the students and faculty will go to the ball park, where a base ball game will be played. After the game they will all go to the Chautauqua park, where the picnic will be held. The different county organizations will eat separately, after which they will all assemble for a jolly good time.

Visiting Her Brother.

Miss Bertha Goforth of Bolckow came to Maryville Friday noon to visit her brother, W. E. Goforth, during the absence of his family at Grant City. Their cousin, Miss Donna Robinson of Barnard, will be their guest Saturday and Sunday.

Visitors Here From New Mexico.

Mr. and Mrs. J. E. Robertson of Artesia, N. M., arrived in the city Thursday evening for a visit with Mr. and Mrs. J. F. Hull. Mrs. Hull and Mrs. Robertson are sisters. Mr. Robertson is cashier of the First National bank of Artesia. He is a former Worth county boy.

Lincoln Visitors Leave.

Mrs. Louis Diss and Mrs. H. C. Owens of Lincoln, Neb., who have been visiting the past week in Maryville with Mrs. Diss' parents, Mr. and E. T. Funk, left Friday evening. Diss going to her home in Kansas. Mrs. Owens will meet her husband, St. Joseph and go with him to relatives at Breckenridge, James and Brookfield, Mo., and at Ottu if you make home pleasant for them. Mr. Owens is train dispatcher on hand a case of our bottled soda. The Burlington railway rider, we'll do the rest.

MORE BIG YIELDS

REPORTS OF HIGH AVERAGES CONTINUE TO COME IN.

73 BUSHELS AVERAGE

Harve Kinman and John Dowden Report That for Oats—Some Wheat Going 40 Bushels.

It is expected that the wheat around Skidmore will average between 30 and 35 bushels to the acre. There is a big acreage and it is also testing well, from 60 to 61½ pounds. Threshing has just started in that community and James Strickler had an average of a little over 40 bushels to the acre from a 30-acre field. J. C. Collins also averaged about 40 bushels of wheat to the acre.

The general average of the wheat in the Burlington Junction vicinity will be between 23 and 30 bushels to the acre. Threshing is the order of the day in that vicinity.

At Elmo, new wheat began to come to the elevator at that place on last Thursday and it tested as high as 61 or more pounds to the bushel. Tom Spoor of near Elmo, got the first load in and was quickly followed by C. R. Lamar.

On the Johnston farm near Elmo, threshing was finished Wednesday noon and the yield was 3,071 bushels on about 96 acres. It was just about an average yield of that vicinity, one tract making 40 bushels to the acre or more, and part of it less. The average was 32 bushels to the acre.

Harve Kinman of Elmo threshed out 20 acres of oats that made 1,465 bushels or 73¼ bushels to the acre. This is the largest oat yield yet reported. John Dowden of near Maryville had 12 acres of oats which made an average of a little better than 73 bushels to the acre.

Tom Spoor of near Elmo threshed out 15 acres of wheat that averaged 36 bushels to the acre. Harve Kinman had 40 bushels of wheat to the acre from a 20-acre tract.

JUST 200,000 YEARS.

An Elephant Tooth Found Near Ravenswood Is Said to Be That Old.

Some two years ago while J. K. Year of Ravenswood was loading sand from the bed of the river near the Platte river bridge, northwest of Ravenswood, he came across a curious looking specimen of a fossil formation, says the Ravenswood Gazette. The specimen was sent to the curator of the zoological museum, University of Missouri, at Columbia, and George Leffevre, curator of that department, in writing to Mr. Yearly, says:

"The specimen sent to the curator of the zoological museum of the U. of Mo. is a fossil tooth of an extinct elephant, which was very abundant in this section of the country about 200,000 years ago.

"In some sections of Kansas fossil remains of these extinct elephants are very abundant. These animals were about the same size as our present day elephants. They roamed the plains in herds, during this early geological period, and by a very sudden climatic change, were killed very quickly, wherever they happened to be."

Real Comfortable Today.

The government thermometer registered up to 88 this afternoon at 2 o'clock, being a change of 14 degrees cooler than Thursday afternoon, when it was 102 degrees. Four days this week have been over the 100 mark. Monday it was 100, Tuesday 101, Wednesday 105 on Thursday 102.

A Large Daily Attendance.

The interest in the Ravenswood Chautauqua is keeping up, and there is a large daily attendance. The lecture last night was by Prof. Jesse Greenup, and the audience was very well pleased with it.

To Mrs. Russell's Funeral.

Mrs. Alice Lake and Miss Lydia Ott went to Hopkins Friday noon to attend the funeral services of Henry Russell, at the family three miles east of Hopkins after noon at 2 o'clock.

GUILFORD ITEMS.

G. B. Holmes of Maryville was in town Friday.

Lago Hughes is working his new Advance separator and steam tractor on his own crop of 160 acres of wheat.

J. W. Lucas delivered two car loads of hard wheat of his own raising at Oswood, Mo., Thursday to J. W. Pearce of Belknap.

Henry Fields and his family of Shenandoah, Ia., who are on their way to southern Missouri, stopped in Guilford a short time Thursday.

H. C. Wilson is rushing to complete the modern 8-room residence of Aaron H. Campbell.

Matthew Whiteford has just harvested his second crop of alfalfa. The first crop yielded him some better than two tons to the acre, and the second crop two and a half tons.

The alfalfa crop around Guilford is paying big to all who have ventured its cultivation, and there will be much more of it raised next year.

J. W. Lucas will realize 30 bushels an acre from his 90-acre wheat field.

NATIONAL TOILET COMPANY, Paris, Tenn.

News of Society and Womens' Clubs

All-Day Guests at Bedison.

Mrs. Rebecca Gray and Mr. and Mrs. Paul Gray of Chicago went to Bedison Friday to be the guests of Mr. and Mrs. Jesse Douglas.

Attended the Races.

Mr. and Mrs. Ed Costello and sons, Mr. Harold Bellows, Miss Marie Brink, and Mary Josephine Honnold of Chicago comprised two motor parties from Maryville to St. Joseph Thursday for the races.

For Guest From Brookfield.

Mrs. A. C. Nicholas entertained informally Thursday afternoon with a small kensington and luncheon, a courtesy to Miss Cleora Faut of Brookfield, who is the guest of Misses Mary and Elizabeth Evans.

Picnic Party at 102 River.

A party composed of Mr. and Mrs. John L. Tilson, Miss Vera Tilson, Mrs. Fraker of Kansas City, Mr. and Mrs. W. R. Tilson, Miss Mamie Tilson and Lawrence Tilson spent the afternoon Friday near the 102 river.

To Baile Waggoner's Picnic.

Miss Helen Dean and Miss Myrtle Jones went to Aitchison, Kan., Thursday evening to attend the annual picnic to the children of that city by Baile Waggoner, the widely known attorney. They will be guests until Sunday evening of Mrs. W. J. Sawin and Mrs. Guy Sharp.

Wednesday Evening Dinner.

Mr. and Mrs. John A. Wilt entertained at 6 o'clock dinner Wednesday evening complimentary to Mrs. A. Wilt's sister, Mrs. Louis Dins, and her guest, Mrs. H. C. Owens of Lincoln, Neb., who are visiting here. Plates were laid for Mr. and Mrs. E. T. Funk, Mr. Clevie Funk, Mr. and Mrs. Henry Stapler, Mrs. Dins, Mrs. Owens, the host and hostess, and Vilas and Edward Owens. The same company entertained at 12 o'clock dinner on Tuesday by Mr. and Mrs. Stapler.

Mission Circle Picnic.

During the business meeting that preceded the annual picnic of the Young Ladies' Mission Circle of the First Christian church, given Thursday afternoon, the officers selected for the coming year are Mrs. G. B. Roseberry, president; Mrs. J. D. Richey, first vice president; Mrs. Arch K. Frank, second vice president; Mrs. Ellis Cook, treasurer; Mrs. Newton Hagins, secretary; Miss Marie Reuillard, pianist. The

business meeting was held in the church, and the sixty members and a few friends present repaired immediately afterward to Normal park for their picnic supper, which was one of the most enjoyable of all those that have been given by the Circle.

Surprised One of Members.

The Royal Neighbors gathered at the home of Mrs. Mary Seckington and Miss Margaret Seckington, Wednesday evening, taking ice cream and cake with them, and spent a very pleasant evening. Mrs. Seckington and her daughter are to take up their residence in Clarinda, Ia., soon, and this act of the neighbors was to express regret over their departure and to assure them of the interest and good wishes each felt for their future welfare. The guests were Mrs. W. P. Howland, Mrs. M. J. Lahr, Mrs. Anthony Blue, Mrs. Fred Smith, Mr. and Mrs. Arthur Warner, Mrs. Stone of Waterman, Ill.; Mrs. John Rickman and grandson, Mrs. E. E. Tilton, Mrs. Del Thompson, Mrs. Charles Alexander, Mrs. Ernest Glover, Mr. and Mrs. W. R. Tilson, Mrs. Harry Shipp, Miss Mabel Hunt, Mary Stundon, John Stundon and David Seckington.

Iowa Motor Party Their Guests.

Mr. H. H. Lorimer and Mr. and Mrs. V. A. Garmon and children of Lorimer, Ia., arrived in Maryville Thursday evening in their Buick car and are guests of Mr. and Mrs. J. D. Vert. Mr. Lorimer and Mr. Vert are cousins. Accompanied by Mr. and Mrs. Vert the travelers were dinner and supper guests on Friday of Mr. and Mrs. James L. Vert and Mr. and Mrs. Virgil Guthrie of Wilcox. Mr. Lorimer is a prominent resident of southern Iowa, the town of Lorimer being named for him. His father entered the land upon which Lorimer is built. He and his party are on their way to Knobnoster, Mo., to look after Mr. Lorimer's farm there. They found the roads in prime condition for travel, leaving Lorimer at 2 o'clock in the afternoon and reaching Maryville at 8 in the evening. Nodaway county corn, they say, is in much better condition than the corn of their section.

Barn Destroyed by Fire.

A small barn on the L. O. Staples farm, southwest of Burlington Junction, was destroyed by fire at 1 o'clock Thursday morning. Ernest Black, who lives on the place, lost about two tons of hay, two sets of harness and a small amount of grain in the fire. The horses, which were loose in the barn, made their escape. The fire was discovered by Lloyd Heller, who works for Mr. Staples. The blaze had made rapid headway and it was impossible to save the structure or its contents—Burlington Junction Post.

Coming Next Week.

Rev. Henry Hepburn and family of Chicago will arrive in Hopkins next week for a two weeks' visit with Rev. Hepburn's parents, Mr. and Mrs. J. L. Hepburn. Rev. Hepburn is pastor of a Presbyterian church in Chicago. He may come to Maryville to preach a week from next Sunday.

New Baby in Oklahoma.

Dr. and Mrs. J. E. Hughes of Shawnee, Okla., announce the birth of their daughter on Sunday, July 13, 1913. Dr. Hughes is a son of Mr. and Mrs. J. M. Hughes of this city.

Parnell to Have a Picnic.

Parnell will have a three days' picnic in August, the dates set being August 28, 29 and 30.

Left for Chicago.

Willie O'Brien left Friday for a summer's visit with relatives in Chicago.

Miss Vera Pearson of Okene, Okla., who has been visiting Mrs. Ed Batchner and other friends and relatives in Maryville and surrounding towns for several months, will leave Tuesday for her home, stopping in St. Joseph and Kansas City for visits.

Mrs. Bert Bratcher and children went to Hopkins Friday noon to attend the funeral services of Mrs. Henry Russell. She will visit with Mrs. John Kink while away.

J. L. Hepburn returned to his home near Hopkins Friday, after a week's treatment for his eyes. His eye was poisoned some time ago by poison ivy. His eye is now getting along nicely.

Miss May Howland went to Bolckow Thursday evening for a short visit with Miss Cora Hartley, and will then go to Savannah to visit her sister, Mrs. R. G. Wilkerson.

Miss Gertrude Porter, a daughter of Mr. and Mrs. W. B. Porter of South Main street, returned Friday from a three months' visit at her former home in Cameron.

Mrs. Clarence Hopp and son returned to their home in Highland, Kan., Thursday evening from a visit with her parents, Mr. and Mrs. Mitchell Ray.

Mrs. J. H. Varvill and daughter, Mrs. Della Stewart, of Hopkins arrived Friday morning on a visit to Mrs. Varvill's daughter, Mrs. Ben Green, and family.

Edwin H. John of Elso, Mont., who has been visiting his parents, Rev. and Mrs. C. H. John, went to Omaha Friday for a visit with his brother, W. E. John.

Madison H. Pearson was appointed administrator of the estate of his mother, Mary C. Pearson, who died recently.

Mr. and Mrs. Wesley Lett of Bedison returned home Friday from a visit with Mrs. Lett's mother, Mrs. Mary Moring.

J. H. Anderson left Friday to join Mrs. Anderson and daughter on visits at Darlington, Stanberry and King City.

Mrs. H. K. Ferrell of St. Joseph returned home Thursday evening from a visit with her parents, Mr. and Mrs. R. G. Allen.

Miss Lois Smith and Mrs. Dwight and children of Arkoe spent Mrs. B. B. Bickert in Maryville as visit to her brother, George Bickert, and family.

FRECKLES

Now is the Time to Get Rid of Those Ugly Spots.

There's no longer the slightest need of feeling ashamed of your freckles, as the prescription othine—double strength—is guaranteed to remove these homely spots.

Simply get an ounce of othine—double strength—from your druggist and apply a little of it at night and morning and you should soon see that even the worst freckles have begun to disappear, while the lighter ones have vanished entirely. It is seldom that more than an ounce is needed to completely clear the skin and gain a beautiful, clear complexion.

Be sure to ask for the double strength othine as this is sold under guarantee of money back if it fails to remove freckles.

Always Remember

We sell more tanks and pumps than any body.

MELLEN WILL
LEAVE ROAD

Resignation of President of New
Haven is Announced.

MANAGEMENT MUCH CRITICISED

Rail Head Is Under Indictment for a
Violation of Anti-Trust Laws and
Also for Manslaughter as Result of
Wreck.

New York, July 18.—Charles S. Mellen tendered his resignation as president of the New York, New Haven and Hartford Railroad company and all its allied subsidiary lines, including the various railway, trolley lines and water lines which have become part of the New Haven system under his management.

Announcement of Mr. Mellen's resignation, which is to take effect "at the pleasure" of the New Haven board, but "in no event later than Oct. 1 next," followed a long meeting of the directors, most of whom, including William Rockefeller and J. P. Morgan, were present.

Mellen, whose recent management of the New Haven road has given rise to considerable criticism, became president of the system in October, 1902, resigning from the presidency of the Northern Pacific at the request of the late J. P. Morgan, who regarded Mr. Mellen as the man best fitted to reorganize the transportation lines of the New England states.

Decline in Shares.

The steady decline of New Haven shares in the local and Boston stock markets has been a matter of comment for several years. New Haven, which for many years sold at and above 200 and for a long period paid 8 per cent dividends, recently went below par in anticipation of a cut in the dividend, which was reduced to 6 per cent.

Mr. Mellen is under federal indictment for alleged violation of the anti-trust laws and an indictment for manslaughter, resulting from the Westport (Conn.) wreck of last year, is also hanging over him.

FIRST STEP IN DISSOLUTION

Carries Papers in His Pocket Representing Eighty-eight Millions.

New York, July 18.—With a slip of paper in his pocket representing about \$88,000,000, Frederick V. S. Crosby, treasurer of the Union Pacific Railroad company, walked into the office of the Central Trust company. He turned the paper over to the trust company, and thereby completed the first step in the dissolution of the Union Pacific and Southern Pacific railroads, as decreed by the courts.

The document was a certificate for Union Pacific holdings of Southern Pacific, exclusive of those turned over to the Pennsylvania railroad in exchange for that road's holdings of Baltimore and Ohio. The trust company was designated by the court to act as trustee pending distribution of the stock among persons not holders of Union Pacific stock.

BODY OF PARKHURST FOUND

Insane Laborer Is Arrested, Charged With Murder.

Mandan, N. D., July 18.—Albert Swenslasky, Duluth laborer, a maniac, who was taken into custody here, is believed to have been implicated in the murder of David S. Parkhurst of Omaha, who disappeared July 7 from the home of his daughter, Mrs. John Pollard, here.

A body recovered from the Missouri river was positively identified by his son-in-law as that of Mr. Parkhurst. The coroner's inquest showed that death was caused by a gunshot wound and not by drowning.

BULGARS DEFEAT SERBS

Rumanians Take Control of Cable Station at Varna.

Sofia, July 18.—The Rumanians took possession of the cable station at Varna, on the Black sea, and thus control communication with Sebastopol. As the railway between the coast and Sofia has been cut, Bulgaria cannot communicate with the outside world except through Serbia and Rumania.

An official dispatch reports the defeat by the Bulgarians of the Serbian forces which had penetrated Bulgarian territory on the west. The Serbians are retreating toward Vlasina, across the border.

CURRENCY BILL CRITICISED

Middle West Bankers Object to Administration Measure.

Omaha, July 18.—After hours of warm, earnest discussion the convention of middle west bankers met here to consider the Glass-Wilson currency bill, wound up their session at the Omaha club with the passage of a resolution severely criticising the Wilson administration for attempting to pass a bill "conferring more extraordinary powers than had ever been proposed in any legislative assembly in the world."

Rumanians Advance on Bulgar Capital
London, July 18.—Rumanian troops are at Plevna and Mesedra, the latter town within thirty miles of Sofia.

On Saturday afternoon and evening, July 19th, the ladies band will serve ice cream and home-made cake on the court house lawn. There will be a band concert in the evening. Anyone wishing to help the band by donations of home-made cake or service may notify Misses Gertrude Kirch and Grace O'Brien.

Mrs. D. W. Stowell and Miss May Stowell of Clyde were among the shoppers in Maryville Friday.

That Great Slaughter Sale of Berney Harris
Maryville's Only One Priced Clothier

ECLIPSES IN MAGNITUDE, and the DESIRABILITY OF THOSE ELEGANT MAKES, also in the IMPORTANCE OF ITS GREAT SAVINGS, any other sale ever held in Maryville. Positively brushing aside all competition. Standing out so strongly as the Greatest Value Giving Sale, that it is proving a great success in reducing stock. Everybody that has made a purchase during Berney Harris' present sale has been well pleased. NOT TO OUR KNOWLEDGE is there a SINGLE MAN OR BOY who would be willing to take his money back in exchange for the garments bought in this Great Sale. Great a success as this sale so far has been, still knowing that a great many are still busy in NODAWAY COUNTY'S GREAT HARVEST FIELDS who would like to GET IN ON these Sale Prices, I will extend this Sale for ten days, from July 19 to July 29. But please recollect the Sale will positively end on July 29. Those not fortunate enough to attend during this time should be content to pay the former prices after the sale closes.

That all goods still bear the original selling price, marked in plain figures, so you can tell the exact saving. No other clothing store in Maryville does this. This sale will be continued for 10 days, from July 19 to July 29, and no longer.

BERNEY HARRIS, Maryville's Leading Clothier

Here From Jefferson City.

Prof. S. E. Davis of the state department of education, of Jefferson City, was in Maryville Friday. Mr. Davis is the teachers' training school inspector of the state.

George Pat Wright left Friday morning for Ottawa, Kan., on a business trip.

NIGHTS OF UNREST.

No Sleep, No Rest, No Peace With a Lame or Aching Back.

Wear the lot of many a kidney sufferer.

Pain and distress from morn to night.

Get up with a lame back.

Twinges of backache bother you all day.

Dull aching breaks your rest at night.

Urinary disorders add to your misery.

If you have kidney trouble, Reach the cause—the kidneys.

Doan's Kidney Pills are for the kidneys only—

Have made an enviable reputation in Maryville.

Mrs. J. B. Kissinger, 707 East Second street, Maryville, Mo., says: "I suffered from kidney trouble. I had awful pains through my hips and was tired and weak. I couldn't rest well. After using a few boxes of Doan's Kidney Pills I felt better and gradually my health improved."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.—Advertisement.

ALFALFA MOST VALUABLE
FORAGE CROP

ALFALFA	ACREAGE	AVE. YIELD	VAL. PER A.
TIMOTHY	18,000	2.8 Tons	\$31
CLOVER	782,000	1.4 "	14
TIMOTHY	119,800	1.7 "	14
CLOVER	1,800,000	1.6 "	14

According to the 1910 census of the hay crop, the state of Wisconsin grew 18,000 acres of alfalfa, which averaged 2.8 tons per acre for the entire state, and the average acre value of the crop was \$31.00. During the same year the combined acreage of timothy and clover averaged 1.6 tons per acre, valued at \$14.00. It costs no more to grow an acre of alfalfa than it does to grow an acre of timothy or clover. Therefore, assuming that the cost of growing an acre of clover or timothy to be \$10, the farmer would clear \$4 per acre in growing these crops, whereas the same farmer, if he grew alfalfa, would reap a profit of \$21 per acre. This is a very strong chart, and should be carefully studied by every one who is interested in making the farm more profitable.

On Visit to Grant City.

Mrs. W. E. Goforth and sons went to Grant City Friday morning to visit until Tuesday with Mrs. Goforth's parents, Rev. and Mrs. D. W. Connor. Rev. Connor is pastor of the Christian church at Grant City.

On Visit to Son.

Mrs. Mary Seckington left Friday for Eureka, Mo., to visit her son, Andrew Seckington. She was accompanied as far as Pattonsburg by Miss Margaret Seckington.

Miss Vesta Hunt of Ravenwood, a Conservatory student, went home Friday to spend the week-end with home folks. Miss Hunt makes her home with Mr. and Mrs. S. J. DeArmond while pursuing her studies.

Miss Bertha Wells of Stanberry returned home Friday from a few days' visit with Mr. and Mrs. James Sheridan. Miss Wells came to attend the graduation of her cousin, Miss Hazel Sheridan, from the Business college Monday night.

Mrs. Ida Ashbrook of Ravenwood, who has been visiting her sister, Mrs. Ad McClain of Burlington Junction, was in Maryville Friday returning home.

A HAPPY FAMILY?

Yes, and so will yours be if you make home pleasant for them. One way to do this is to keep on hand a case of our bottled soda. Phone us your order, we'll do the rest.

CHAMBERS NAMED AS CHIEF OF MEDIATORS

Selected by President as Commissioner Under New Act.

Washington, July 18.—President Wilson selected William L. Chambers of the District of Columbia to be commissioner of mediation and conciliation, under the Newlands act, and G. W. W. Hanger as his assistant. Their names will be sent to the senate today. The other two members of the new board will be Judge Martin Knapp of the United States commerce court and Louis F. Post, assistant secretary of labor.

STRIKE IS THREATENED

Trainmen Will Not Agree to Board's Hearing Roads' Grievances.

New York, July 18.—The 80,000 trainmen and conductors, who threaten a strike against the eastern railroads, will not agree under any circumstances to have the roads' grievances arbitrated at the same time as the men's demands for better wages under the Newlands amendment to the Erdman act, according to a statement issued by W. G. Lee and A. B. Garretson, president, respectively, of the trainmen's and conductors' brotherhoods.

Five Buried Men Rescued From Mine. Eveleth, Minn., July 18.—The five men who were entombed at the Spruce mine as a result of a cloudburst were rescued.

The Weather.

Generally fair.
Few See Things as They Are. The mass of mankind will never have any ardent zeal for seeing things as they are; very inadequate ideas will always satisfy them. On these inadequate ideas repose, and must repose, the general practice of the world. That is as much as saying that whoever sets himself to see things as they are will find himself one of a very small circle; but it is only by this small circle resolutely doing its own work that adequate ideas will ever get current at all.—Matthew Arnold.

Brought Home From Hospital.

J. M. Prope of Skidmore, who has been a patient at St. Francis hospital, was taken to his home Thursday evening. Mr. Prope is the father of Mrs. Samuel Fullerton. He was considerably better Friday.

Death of Child at Quitman.

Albert, the 11-months-old son of Mr. and Mrs. H. C. Weddel of Quitman, died Thursday night after a illness of several months. The funeral services will be held at the Christian church in Quitman at 2 o'clock Saturday afternoon, conducted by Rev. H. C. Polly of the Christian church of Skidmore.

Fly Trap Still Working Overtime.

J. V. Parrish of Skidmore has caught in his fly trap up to date, Monday, 468,000 flies, by measurement. Mr. Parrish estimates that there are 2,000 flies in one gill or 64,000 in one gallon. He has taken the trouble several times to count out a gill of dead flies and finds that there are fully that many flies in one gill.

He empties his trap every few days and carefully measures them each time and says one would be surprised how many flies he can catch in a short time. Another surprising feature is that flies are noticeably fewer in a neighborhood where traps are kept. You can extinguish the fly, or at least destroy to a great extent the fly nuisance, if everyone would try.—Skidmore New Era.

Our Barnard Agent.

MULHALL IS PUT ON GRILL

Lobbyist Questioned as to Truth of His Own Testimony.

IDENTIFIES MANY LETTERS.

Asked About Alleged Relations With New Jersey Candidate for Congress in 1908, Who is Now Before Voters. Special Election Tuesday.

Washington, July 18.—Martin M. Mulhall, late "lobbyist" for the National Association of Manufacturers, was cross-examined about the truth of his own correspondence for the first time since he began to tell the senate investigating committee the story of his doings. Senator Reed questioned Mulhall about his alleged relations with S. W. McClave in 1908, when McClave was a candidate for congress in the Sixth New Jersey district against William Hughes, now junior senator from that state. McClave now is the Republican candidate in the new Sixth district, where a special election will be held next Tuesday. C. Hart, the Democratic candidate in this district, was endorsed by President Wilson.

Senator Reed announced that McClave had denied acquaintance with Mulhall and said he wanted to prove who was telling the truth, Mulhall or McClave.

Identifies Many Letters.

Mulhall identified many letters from McClave to himself, written in 1908, said he went to the Sixth district to help McClave fight Hughes and gave details of his work there. He said the National Association of Manufacturers furnished him with \$3,900 for his fight and that a man named "Barber" put up \$2,000 more. He told about taking McClave to lunch and dinner, about riding around in cabs with him on political tours and in other ways helping out in the fight.

Mulhall said he furnished headquarters and paid for McClave's meals three times a day.

"What did you want to elect such a man for?" he was asked.

"He was a 'con' man; that's the only way I can explain it," said Mulhall.

The testimony about McClave was a climax to a rather sensational day, even for a committee that has waded through almost daily sensations for two months.

Mulhall identified hundreds of letters bringing in the names of dozens of the most prominent men in the Republican party in 1908 and speaking familiarly of making platforms, throwing influence to men for nomination to all sorts of offices and of working to elect or defeat others for congress.

ASSEMBLYMAN TESTIFIES

Says Sulzer Tried to Get Votes for Primary Bill by Threats.

Albany, N. Y., July 18.—Counsel for the Frawley legislative investigating committee decided that he would take up the matter of "widely published efforts to improperly influence legislators." He then called as a witness Assemblyman Thaddeus C. Sweet of Oswego, who testified to having asked Governor Sulzer to approve a bill appropriating \$50,000 for a bridge.

"Assemblyman, how did you vote on my direct primary bill?" witness said the governor asked him. Mr. Sweet replied that he had voted against it.

"How are you going to vote on it at the extra session?" the governor continued. "Remember, I take good care of my friends."

Mr. Sweet said he continued to oppose the primary measure and his bridge bill was vetoed.

TWO DIE IN SUICIDE PACT

Old Woman and Young Man End Their Lives at San Jose.

San Jose, Cal., July 18.—After feeding Mrs. Olive J. Smith, eighty-six years old, morphine during a period of seventy-two hours, and writing down the story of her lingering death, Stephen Mastick, a tuberculosis invalid, threw himself into a shallow lake at Monterey. The body of the woman was found and searchers later discovered Mastick's corpse in the lake.

Letters signed by the pair said that they had arranged a suicide pact and told of a celebration of the intention in Monterey Friday, when they had ice cream, pie and milk.

The woman has been supporting Mastick on a \$12 monthly pension since his mother withdrew support several months ago. Mastick was twenty-nine years old.

Would Bar Interlocking Directorates.

Washington, July 18.—An amendment to the Glass-Steagall currency bill, to prohibit interlocking directorates in banking institutions, was proposed at the conference of Democrats of the house committee. The plan, offered by Representative Wingo of Arkansas, went over to the next meeting after a brief discussion and without a test of strength in the committee.

Lamar Grand Jury Votes Indictment.

New York, July 18.—A sealed indictment was handed down by the federal grand jury which has had under investigation the statements of David Lamar before the senate lobby investigation committee regarding the impersonation of congressmen.

Correspondence School Hazing.

The young man walked down Dearborn street with one shoe off and his coat turned inside out. A policeman stopped him.

"What's the idea?" he demanded.

"Well, you see, it's this way," replied the young man. "I'm taking a course at a correspondence school, and yesterday those darn sophomores wrote to me and told me to haze myself."—Chicago Inter Ocean.

A Colorado Year

Nearly everybody you meet asks you when you are going to start. It is more like a gold rush than a summer vacation. For the people who live in the valleys are wild for the mountain tops. Everybody knows Colorado. There is no use trying to describe it. One cannot paint the hills. This is the land where the green of the earth reaches up to the sky; where white capped peaks and white capped clouds lie asleep in an azure sea. It's Eugene Field's land of wonder-land—the land where dreams come true. Of course you are going. One is almost ashamed not to go. The question is how to get there. If you want to travel like a prince you take

NO. 39.

MORE GAME LAWS

STATE AND NATION BOTH PROTECT WILD ANIMALS.

BIRDS AND FISH ALSO

Nimrods Should Be On Lookout as Each May Prohibit the Doing of Different Things.

In addition to the new state game laws, we have a new national game law, passed by the last congress and approved March 4, as one of the last official acts of President Taft, which becomes effective October 1, by the regulations prepared by the department of agriculture and now published for the criticism of the public.

These regulations in a large measure supersede state game laws and bird laws. Where they are more restrictive than the state laws, the latter will not apply, but in such instances as those where the state laws supply additional restrictions, the latter will remain in effect. There is nothing permissive about the federal law. It is not a license to do anything not prohibited. It is a restrictive only, and states may indulge in as much additional protection to birds within their borders as they desire. No hunter can violate a state law because it differs from the federal law, nor can he violate the federal law because of any state regulation.

The following is the state game law: Section 6516. No person shall take, capture or kill, by any means whatever, any game birds except the following named game birds between the following dates: Wild turkey, November 1 to December 31 of each year; quail (bobwhite, partridge) from December 1 to December 31 of each year; ducks, geese and brant, January 1 to April 30 and September 15 to December 31 of each year; snipe, January 1 to April 30 and September 15 to December 31 of each year; plover, September 1 to December 31 of each year; doves, September 1 to December 31 of each year. Anyone who shall violate any of the provisions of this section shall, upon conviction thereof, be punished by a fine of not less than \$25 nor more than \$50 for each offense, and an additional fine of \$5 for each bird injured, killed or possessed.

Section 6521. No person shall pursue, injure, capture, kill or destroy any gray squirrel, fox squirrel (American squirrel) or black squirrel, only from July 1 to November 30, both inclusive; nor shall any person pursue, injure, capture, kill or destroy any such squirrels at any time in any public or private park; provided, that any person may protect his premises from the ravages and depredation of animals named in this section at any time and in any way. Any person who shall violate any of the provisions of this section shall be punished by a fine not to exceed \$25.

Section 6521a. It shall be unlawful for any person to kill any fur-bearing wild animal or take, offer for sale, bargain or buy any pelts of fur-bearing wild animals of this state, when said pelts have been taken out of season. The season for taking such pelts shall be provided from November 1 to December 31, and January 1 to February 1 of each year. Provided, that any person may protect his premises from the ravages and depredations of any animals named in this section at any time and in any way. Penalty, fine not exceeding \$25.

Section 6522. The right given by this article to take or kill deer or birds, or to have in possession unless otherwise specified, is limited to food purposes, and to one deer, two turkeys and ten birds of any family for each person in any one calendar day, and no person shall take, kill, or have in possession at any one time more than two deer, four turkeys and fifteen birds of any family. No birds, game or fish protected by this article shall be held in possession by any person for more than five days after the close of the season for killing the same. Penalty, \$25 to \$50 fine.

No person is allowed to sell or offer for sale, under any name, any bird or animal, whether taken within or outside the state, under penalty of \$25 to \$50 fine and \$5 fine for each additional bird or animal.

Explosives and poisons are positively prohibited in the taking of fish or game, under heavy penalty.

KEEFE FUNERAL SATURDAY.

Services in the First Christian Church—Engle Is Not Seriously Hurt and Was Up Today.

The funeral services for George R. Keefe, who was killed Wednesday night in an automobile accident a mile and a half southwest of Barnard, will be held Saturday morning at 9:30 o'clock at the First Christian church. The services will be conducted by Rev. J. Arthur Dillinger. The burial services will take place at Miriam cemetery, in charge of the Masons. Mr. Keefe was a member of the Masonic, Modern Woodmen and Owls lodges.

N. Noll of Bethel, Mo., the father of Mrs. Keefe, arrived Thursday night, and Ferdinand Noll of Port Wayne, Ind., arrived Friday morning. A sister of the deceased, Mrs. T. S. Burns of Washington, Ga., telegraphed Mrs. Keefe not to hold the funeral services on her account, as she could not reach Maryville before Sunday. Mrs. Keefe is receiving many messages from the friends of her husband, and it is expected that a large number around Maryville will be in attendance at the funeral.

Henry Engle of Burlington Junction, who was in the automobile with Mr. Keefe when the accident occurred, is not in a serious condition. He was still sore Friday from the effects of the fall he had from the car, and also the nervous shock. He was sitting up most of the day Friday, but was not able to go down town.

The Engle car will be brought to the city this evening. It is not known fully the extent of damage to the car. Sewell & Carter of this city left this afternoon for the machine.

Notice to Masons.

All Masons are requested to meet in the lodge hall at 8:30 o'clock Saturday morning and march in a body to the First Christian church to attend the funeral services of our late brother, George R. Keefe.

F. F. COOK, W. M.
FRED W. SMITH, Secretary.

BROUGHT THE HIGHEST PRICE.

Cattle Shipped by Linville & Son Sold Well on the Chicago Market.

Linville & Sons of Skidmore shipped Saturday fifty-one head, or three car loads, of very fine cattle to the Chicago market, says the Skidmore New Era.

They averaged 1,573 pounds in Skidmore and 1,520 net in Chicago, and sold for \$8.65 per hundred. These cattle, says W. R. Linville, were the heaviest and brought the highest price by 15 cents of any cattle sold and shipped by him in the thirty years of experience as a feeder and shipper in Nodaway county.

One load of these cattle would have averaged 1,800, and one steer, not a stag, but a good straight steer, weighed over the scales in Skidmore 1,910 pounds.

These cattle were put on feed March 1, and made an average gain from that date until date of shipment of 391 pounds, and netted at Chicago \$126.39 each. That looks pretty high for beefsteak, but \$126.39 for a steer sounds mighty good to the farmer and cattle feeder.

There is nothing that will put the fat on a steer like good old Missouri blue grass and big yellow corn. Farmers of Missouri, you have a gold mine right here, you don't have to go to Colorado, California or the Klondike to find it. When you get Missouri blue grass, Missouri corn and big red steers together you have it.

THEY WERE ALL DISCHARGED.

Brotherhood Trying to Get Five Trainmen Who Were Arrested Here Reinstated.

Mayor A. S. Robey received a letter this morning from F. B. Andrews of Des Moines, chairman of the Brotherhood of Locomotive Firemen and Engineers of the Chicago Great Western railway, asking for particulars in the case of the five trainmen from Conception who were arrested here last Saturday. The letter stated that those men had all been discharged by the railroad company. The brotherhood thinks this was probably an unjust action, and is trying to get the men reinstated.

Dean Wright Getting Better.

Dean Wright, the son of Mr. and Mrs. E. O. Wright of Bedison, who has been very ill of appendicitis at St. Francis hospital, is getting along nicely, and it is thought he will be able to be removed from the hospital Monday to the home of his grandmother, Mrs. Rebecca Gray, in this city. It has been four weeks since the young man underwent the first operation, with a second operation a few days later. His mother has been with him continuously during his illness, which was critical for several days.

Not Expected to Live.

R. G. Ray, who lives near Kamar station near Burlington Junction has been very ill from heart trouble the past week. His condition Friday was much worse and he is not expected to live. He is an old settler.

TO BE HERE AUG. 1

THAT DAY WILL BE ALFALFA DAY FOR MARYVILLE.

LECTURE TO FARMERS

Speakers to Talk On Alfalfa and Campaign to Be Started for More Alfalfa—At Other Places, Too.

Alfalfa day in Maryville will be Friday, August 1. The Alfalfa special, a train of baggage, dining and sleeping cars bringing the speakers and exhibits, will arrive at the Burlington depot at 4 o'clock that afternoon and will leave at 6 o'clock. This date and time were announced in a schedule sent this morning to John L. Hoffman, local manager of the campaign, by the officials of the Burlington.

During the two hours which the train remains here the speakers will be taken in automobiles to surrounding alfalfa fields to lecture to the farmers. The speakers who are in this campaign are:

From the colleges—Professors W. J. Kennedy, H. R. Hughes, John Buchanan, A. M. Tenenke and P. C. Taff of Ames; Professors M. F. Miller and C. H. Doane of the Missouri college of agriculture.

From the agricultural extension division of the International Harvester company—Professors P. G. Holden, C. H. Allen, H. E. Eichling, C. M. Carroll, W. R. Baughman, C. W. Farr, R. W. Lamson, J. E. Waggoner and J. E. Buck.

B. W. Crossley of Council Bluffs and J. B. Lamson, agriculturist of the C. B. & Q. R. R.

As only six men are to lecture in each place it is not known yet which of these men will be in Maryville.

This campaign is the biggest thing of its kind ever attempted, and the plans to make it a success are many. In some towns the mayors are proclaiming Alfalfa day and asking that business be suspended during the hour of the meeting. Such a plan may be tried here.

The schedule for the meetings in the other towns in the county is:

August 1, Friday—Barnard, 10:30 a. m. to 12:30; Hopkins, 7 p. m. to 9 p. m. August 6, Wednesday—Clearmont, 8 a. m. to 10 a. m.; Burlington Junction, 10:30 a. m. to 12:30; Quitman, 1:30 a. m. to 3:30; Skidmore, 4 p. m. to 6 p. m.

Has a New Engine.

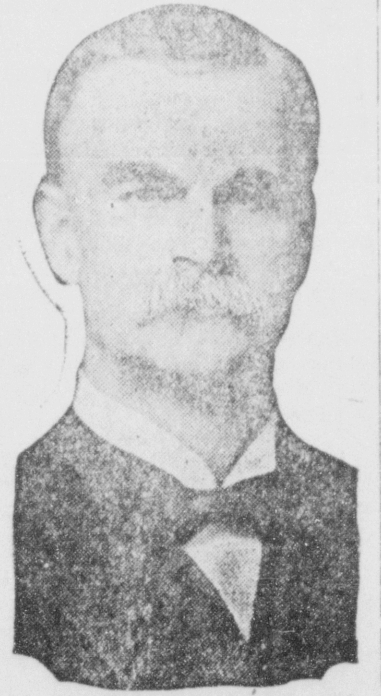

C. D. Caldwell of Burlington Junction has bought a new 60-horse power tractor oil-pump engine and a separator. He also purchased a big gang plow which he will use on his ranch west of Burlington Junction. Mr. Caldwell had about 300 acres of wheat this year beside a great deal of other small grain, and his new power outfit will be a big saving of labor and expense in threshing the grain and preparing the ground this fall and next spring—Burlington Junction Post.

Miss Dorothy Alexander of St. Joseph is visiting Miss Coe Neal in Pickering.

Mrs. S. C. Alden went to St. Joseph Thursday evening to visit her daughter, Mrs. Dale V. Alderman.

G. E. LITTLEFIELD.

Mulhall, Arch Lobbyist, Says He Paid \$500 Bribe To Elect Representative.

In his testimony before the senate lobby investigators Colonel Mulhall of Baltimore told of the part played by him for the N. A. M. in campaigns in Pennsylvania, New York and Maine. In the Maine for the re-election of Senator Charles E. Littlefield and in favor of Democratic O. S. Smith against Senator Mr. Littlefield.

HAD LAPSE OF MEMORY.

Girl Who Was Found Unconscious in Road Could Offer No Explanation.

Audrey Royer, the fifteen-year-old daughter of Mr. and Mrs. O. R. Royer, living six miles and a half east of Burlington Junction, was discovered in an unconscious condition in the road about 200 yards south of her home at 1 o'clock Thursday morning.

In company with two neighbor girls Miss Royer attended an ice cream social at the Nick Wagner home Wednesday night. As the distance is not far the girls walked and after the social it is thought that Audrey started home alone. She was found lying unconscious in the road shortly after 1 o'clock and taken home by two young men who live in the neighborhood. Dr. C. E. Cossins of the Junction was summoned and upon examination found that the girl was suffering from a severe nervous shock and partial paralysis, caused by a large abrasion on the forehead. She was in a subconscious condition and was unable to articulate plainly.

The parents thought that their daughter had met with foul play. After Miss Royer regained consciousness late Thursday afternoon, she said she did not remember a thing after the social and did not know that she had been hurt. She could offer no explanation at all of her accident and there were no marks of violence. She told her parents of being overheated the day before.

DEFEATED FIRST METHODISTS.

The Buchanan Street Church Team Won Game Thursday Afternoon At Normal Park.

The Buchanan Street Methodists defeated the First Methodists 11 to 3 in the ball game at the Normal grounds Thursday afternoon. This is the second defeat of the season for the First Methodists, but they still lead the league by a good margin. The Buchanan Street Methodists played havoc with the opposing pitching staff, garnering nine hits and knocking two men out of the box. Wray started the game, but was taken out in the fourth when he had given four hits and four bases on balls. Charles Moore then went in, but lasted only one inning. Emmet Scott finished the game. Ham, who pitched for the Buchanan Street team, allowed four hits. The errors were four for the Buchanan Street Methodists and three for the First Methodists.

There will be two games Saturday afternoon. The first, at 2:30 o'clock, will be between the Presbyterians and Christians. The second, starting at 4 o'clock, will be played by the Baptists and Harmony.

Team.	Won.	Lost.	Pct.
First Methodist	5	2	.714
Buchanan St. Meth.	4	4	.500
Presbyterian	3	3	.500
Harmony	2	2	.500
Baptist	3	4	.428
Christian	2	4	.333

MAKING SOIL TESTS.

Men From Government and Also From State Busily at Work On Soil Survey in This County.

E. S. Vanatta, representing the U. S. agricultural department, and E. W. Knoble, representing the state agricultural department, who have charge of the soil survey in Nodaway county, which they are taking this summer, were in Skidmore the first of the week making tests of the soil in that locality. They have been making tests around Burlington Junction and that section and their headquarters have been at the Junction.

Prof. C. F. Marbut, head of the field work of the United States soil survey visited in Burlington Junction last week with Mr. Vanatta. Mr. Marbut's headquarters are in Washington, D. C., and he was returning from an inspection tour in Minnesota.

Sick Student Went Home.

Miss Della Neville of Richmond, a State Normal student, went home Friday morning to remain until she has recovered from a several days' illness. She was accompanied as far as St. Joseph by Mrs. A. R. Perrin, who will spend the day in that city, and will visit her son, Lona L. Perrin, of the St. Joseph News-Press.

Traveled 1,600 Miles in Wagon, Ira Woodard and family and Al Woodard and family of Elmo arrived home last Saturday from Arkansas where they have been living for the past year. They made the trip to Elmo overland, the distance of 1,600 miles in a covered wagon. They had a little bad luck on the trip home, losing a horse, and had to ship a part of their stuff home by rail.

Esther McMurray, daughter of Mr. and Mrs. George McMurray, returned Thursday from a visit with her grandfather, Dudley Messick of Bolckow.

Mrs. Frank Barmann, Earl Barmann and Misses Laura and Ora Barmann arrived Thursday evening from Alton where they have been visiting Wednesday with Mrs. Mary Ley and family.

WHATBOY WILL GO

CONTEST OPEN TO BOYS IN COUNTY BETWEEN 12 AND 17.

WILLSEETHESTATEFAIR

Boys' State Fair School Contest On in September to Select County's Representative.

What boy will represent Nodaway county in the boys' state fair school next September? Some boy between 12 and 17 years of age can do it, and if your boy wants the job, get him busy. A boy from each county in the state will be awarded free "doin's" at the Se-dalia for the days between September 27 and October 3.

County Superintendent of Schools W. M. Oakerson and Prof. J. E. Cameron of the Normal agricultural department are the ones in charge of Nodaway county. They will inform you of the rules with which you have to comply to get to see the great state fair at the expense of the fair management. Get busy. Study up. An examination will be given between September 1 and 15 to determine the lucky boy. The examination they are to give is to be based one-half upon elementary school subjects and one-half upon agricultural subjects.

Wm. P. Evans, state superintendent of public instruction; John T. Stinson, secretary of the state fair; W. A. Dallmeyer, member of the state board of agriculture and fancy stock man of Jefferson City and F. B. Mumford, dean of the state college of agriculture, are the committee in charge of the boys' state fair school. Geo. W. Reavis of Jefferson City is manager of the school and he will endeavor to excite the interest of the boys in the contest and have 114 at the big show on somebody's expense other than their own except railroad fare, which they themselves must pay.

The examination to be conducted for the choice of the county representative will be to write an essay of 250 to 300 words on "Corn Growing." Is there a boy in the county that can't do that? If there should be let him get to work and study up a little on something which every farmer has studied from the time he was old enough to ride a horse to a double shovel or ride a cultivator tongue driving for his big brother. This essay counts 25 per cent. What every boy knows should be studied and worked on.

Five questions each will be asked on elementary agriculture, arithmetic and geography. Merely getting to the state fair is not the whole prize. Each day attention of the boy is called to the hundreds of exhibits and a scientific study made of them. Quite valuable will be the study of the production of these exhibits.

During the time the boys are in Sedalia they will be under the supervision of men who will be with them all the time, so that parents need have no fear of the safety of their sons. This is the first attempt at such a plan and the state board of agriculture believes it will be of great benefit to the successful boys and Missouri agriculture.

Mr. Oakerson stated this morning that undoubtedly a good many boys would strive for the prize in Nodaway county.

Went to Hopkins.

A party composed of Miss Alice Porter, Miss Sara McMaster, Lieber Holmes and Lewis DeHart went to Hopkins Thursday evening, where they spent the evening with Miss McMaster's parents. The trip was made in the Holmes car.

CHARLES S. MELLE

President of New Haven Railroad Who Resigns His Position Under Fire.

DEATH AT ELMO.

Mrs. Cynthia Atterberry Died at 4 o'clock Friday Morning—Funeral Saturday Morning.

Mrs. Cynthia Atterberry, 79 years old, died Friday morning at 4 o'clock at the home of her daughter, Mrs. May Atherton, in Elmo, after a short illness from stomach trouble.

The funeral services will be held at the M. E. church in Elmo at 10 o'clock Saturday morning.

Mrs. Atterberry was born in Bedford county, Virginia, and moved with her parents to St. Louis county, Missouri, when a small child. Later they moved to Montgomery county, where Mrs. Atterberry, then Cynthia A. Goodman, was married to A. J. Atterberry, whose death occurred at their home, near Dawson, in 1892. She is survived by four daughters and a son, Mrs. M. J. Holtzhausen of Council Bluffs, Mrs. Frank Bell and Mrs. Susan Walton of Burlington Junction, and Mrs. Atherton of Elmo, and A. J. Atterberry of Breckenridge, Mo. Also a brother and sister, T. J. Goodman and Miss Martha Goodman of Americus, Mo.

Mrs. Atterberry was converted in young girlhood and united with the Methodist Episcopal church and remained a consistent member of that church.

HAD A NARROW ESCAPE.

Road Caved in Under Baker Automobile, But Party Escaped Without Injury.

Mr. and Mrs. George Baker, Miss Carrie Margaret Baker and Mr. and Mrs. E. F. Wolfert narrowly escaped a serious automobile accident Thursday night when a section of road, the approach to a bridge, near Union school house, four miles northeast of Maryville, caved in, nearly throwing the car backward into a 20-foot ditch.

The accident occurred about 10 o'clock last night. Mr. Baker was driving his car, and had just crossed the bridge from the east when a section of the road at least five feet square caved in. The left front wheel of the car went into the hole and Mr. Baker tried to put on the emergency brake. Fortunately, as he afterward discovered, he could not get the brake set, and the car pulled itself past the hole. When the rear wheel struck the hole the car was thrown out of the road and against the fence. No one was hurt, and the only damage to the car was to the steering gear.

On getting out of the car and examining the cave-in, Mr. Baker found that it was about four feet deep. Had he succeeded in stopping the car when he tried to it would have been thrown backward into the 20-foot ditch which the bridge spans.

Mr. Baker telephoned to town for aid, and the party was brought back by Ed Williams. The Baker car was not brought to town until this morning.

NORMAL SCHOOL NOTES.

A musical program was given this morning in Normal assembly. The second term music class, under the direction of Prof. Landon, gave three selections. Following this Miss Ruth Ingman of Pueblo, Col., who is visiting Mr. and Mrs. L. C. Miller of this city, sang. Miss Ingman is an accomplished singer and her selections were heartily appreciated.

Mr. Walter David, who has been attending school in New York at Columbia university, visited the Normal this morning.

The Normal students are expecting great times at the picnic this evening. After the regular classes the students and faculty will go to the ball park, where a base ball game will be played. After the game they will all go to the Chautauqua park, where the picnic will be held. The different county organizations will eat separately, after which they will all assemble for a jolly good time.

Visiting Her Brother.

Miss Bertha Goforth of Bolckow came to Maryville Friday noon to visit her brother, W. E. Goforth, during the absence of his family at Grant City. Their cousin, Miss Donna Robinson of Barnard, will be their guest Saturday and Sunday.

Visitors Here From New Mexico. Mr. and Mrs. J. E. Robertson of Artesia, N. M., arrived in the city Thursday evening for a visit with Mr. and Mrs. J. F. Hull. Mrs. Hull and Mrs. Robertson are sisters. Mr. Robertson is cashier of the First National bank of Artesia. He is a former Worth county boy.

Lincoln Visitors Leave. Mrs. Louis Diss and Mrs. H. C. Owens of Lincoln, Neb., who have been visiting the past week in Maryville with Mrs. Diss' parents, Mr. and E. T. Funk, left Friday evening. Diss going to her home in St. Joseph and go with him to relatives at Breckenridge, James and Brookfield, Mo., and at Ottumwa, Ia. Mr. Owens is train dispatcher on the Burlington railway; under, we'll do the rest.

On Visit to Mr. and Mrs. leave Saturday to the Y. M. C. A.

It is expected that the wheat around Skidmore will average between 30 and 35 bushels to the acre. There is a bigger acreage and it is also testing well, from 60 to 61 1/4 pounds. Threshing has just started in that community and James Strickler had an average of a little over 40 bushels to the acre from a 30-acre field. J. C. Collins also averaged about 40 bushels of wheat to the acre.

The general average of the wheat in the Burlington Junction vicinity will be between 23 and 29 bushels to the acre. Threshing is the order of the day in that vicinity.

At Elmo, new wheat began to come to the elevator at that place on last Thursday and it tested as high as 61 or more pounds to the bushel. Tom Spoor of near Elmo, got the first load in and was quickly followed by C. R. Lamar.

On the Johnston farm near Elmo, threshing was finished Wednesday noon and the yield was 3,071 bushels on about 96 acres. It was just about an average yield of that vicinity, one tract making 40 bushels to the acre or more, and part of it less. The average was 32 bushels to the acre.

Harve Kinman of Elmo threshed out 20 acres of oats that made 1,465 bushels or 73 1/4 bushels to the acre. This is the largest oat yield yet reported. John Dowden of near Maryville had 12 acres of oats which made an average of a little better than 73 bushels to the acre.

Tom Spoor of near Elmo threshed out 15 acres of wheat that averaged 36 bushels to the acre. Harve Kinman had 40 bushels of wheat to the acre from a 20 acre tract.

MORE BIG YIELDS

REPORTS OF HIGH AVERAGES CONTINUE TO COME IN.

73 BUSHELS AVERAGE

Harve Kinman and John Dowden Report That for Oats—Some Wheat Going 40 Bushels.

It is expected that the wheat around Skidmore will average between 30 and 35 bushels to the acre. There is a bigger acreage and it is also testing well, from 60 to 61 1/4 pounds. Threshing has just started in that community and James Strickler had an average of a little over 40 bushels to the acre from a 30-acre field. J. C. Collins also averaged about 40 bushels of wheat to the acre.

The general average of the wheat in the Burlington Junction vicinity will be between 23 and 29 bushels to the acre. Threshing is the order of the day in that vicinity.

Tom Spoor of near Elmo threshed out 15 acres of wheat that averaged 36 bushels to the acre. Harve Kinman had 40 bushels of wheat to the acre from a 20 acre tract.

JUST 200,000 YEARS.

An Elephant Tooth Found Near Ravenwood Is Said to Be That Old.

Some two years ago while J. K. Yearly of Ravenwood was loading sand from the bed of the river near the Platte river bridge, northwest of Ravenwood, he came across a curious looking specimen of a fossil formation, says the Ravenwood Gazette. The specimen was sent to the curator of the zoological museum, University of Missouri, at Columbia, and George Lefevre, curator of that department, in writing to Mr. Yearly, says:

"The specimen sent to the curator of the zoological museum of the U. of Mo. is a fossil tooth of an extinct elephant, which was very abundant in this section of the country about 200,000 years ago.

"In some sections of Kansas fossil remains of these extinct elephants are very abundant. These animals were about the same size as our present day elephants. They roamed the plains in herds, during this early geological period, and by a very sudden climatic change, were killed very quickly, wherever they happened to be."

Real Comfortable Today.

The government thermometer registered up to 88 this afternoon at 2 o'clock, being a change of 14 degrees cooler than Thursday afternoon, when it was 102 degrees. Four days this week have been over the 100 mark. Monday it was 100, Tuesday 101, Wednesday 105 and Thursday 102.

A Large Daily Attendance.

The interest in the Ravenwood Chautauqua is keeping up, and there is a large daily attendance. The lecture last night was by Prof. Jesse Greenup, and the audience was very well pleased with it.

To Mrs. Russell's Funeral.

Mrs. Alice Lake and Miss Lydia Onstott went to Hopkins Friday noon to attend the funeral services of Henry Russell, at the family three miles east of Hopkins, after a 2 o'clock.

On Visit to

Mr. and Mrs. leave Saturday to the Y. M. C. A.

FRECKLES

Now is the Time to Get Rid of Those Ugly Spots.

There's no longer the slightest need of feeling ashamed of your freckles, as the prescription othine—double strength—is guaranteed to remove these homely spots.

Simply get an ounce of othine—double strength—from your druggist and apply a little of it night and morning and you should soon see that even the worst freckles have begun to disappear, while the lighter ones have vanished entirely. It is seldom that more than an ounce is needed to completely clear the skin and gain a beautiful, clear complexion.

Be sure to ask for the double strength othine as this is sold under guarantee of money back if it fails to remove freckles.

MELLEN WILL
LEAVE ROAD

Resignation of President of New Haven is Announced.

MANAGEMENT MUCH CRITICISED

Rail Head is Under Indictment for a Violation of Anti-Trust Laws and Also for Manslaughter as Result of Wreck.

New York, July 18.—Charles S. Mellen tendered his resignation as president of the New York, New Haven and Hartford Railroad company and all its allied subsidiary lines, including the various railways, trolley lines and water lines which have become part of the New Haven system under his management.

Announcement of Mr. Mellen's resignation, which is to take effect "at the pleasure" of the New Haven board, but "in no event later than Oct. 1 next," followed a long meeting of the directors, most of whom, including William Rockefeller and J. P. Morgan, were present.

Mellen, whose recent management of the New Haven road has given rise to considerable criticism, became president of the system in October, 1903, resigning from the presidency of the Northern Pacific at the request of the late J. P. Morgan, who regarded Mr. Mellen as the man best fitted to reorganize the transportation lines of the New England states.

Decline in Shares. The steady decline of New Haven shares in the local and Boston stock markets has been a matter of comment for several years. New Haven, which for many years sold at and above 200 and for a long period paid 8 per cent dividends, recently went below par in anticipation of a cut in the dividend, which was reduced to 6 per cent.

Mr. Mellen is under federal indictment for alleged violation of the anti-trust laws and an indictment for manslaughter, resulting from the Westport (Conn.) wreck of last year, is also hanging over him.

FIRST STEP IN DISSOLUTION

Carries Papers in His Pocket Representing Eighty-eight Millions.

New York, July 18.—With a slip of paper in his pocket representing about \$88,000,000, Frederick V. S. Crosby, treasurer of the Union Pacific Railroad company, walked into the office of the Central Trust company. He turned the paper over to the trust company, and thereby completed the first step in the dissolution of the Union Pacific and Southern Pacific railroads, as decreed by the courts.

The document was a certificate for Union Pacific holdings of Southern Pacific, exclusive of those turned over to the Pennsylvania railroad in exchange for that road's holdings of Baltimore and Ohio. The trust company was designated by the court to act as trustee pending distribution of the stock among persons not holders of Union Pacific stock.

BODY OF PARKHURST FOUND

Insane Laborer Is Arrested, Charged With Murder.

Mandan, N. D., July 18.—Albert Swonslasky, Duluth laborer, a maniac, who was taken into custody here, is believed to have been implicated in the murder of David S. Parkhurst of Omaha, who disappeared July 7 from the home of his daughter, Mrs. John Pollard, here.

A body recovered from the Missouri river was positively identified by his son-in-law as that of Mr. Parkhurst. The coroner's inquest showed that death was caused by a gunshot wound and not by drowning.

BULGARS DEFEAT SERBS

Rumanians Take Control of Cable Station at Varna.

Sofia, July 18.—The Rumanians took possession of the cable station at Varna, on the Black sea, and thus control communication with Sebastopol. As the railway between the coast and Sofia has been cut, Bulgaria cannot communicate with the outside world except through Serbia and Rumania.

An official dispatch reports the defeat by the Bulgarians of the Serbian forces which had penetrated Bulgarian territory on the west. The Serbians are retreating toward Vlasina, across the border.

CURRENCY BILL CRITICISED

Middle West Bankers Object to Administration Measure.

Omaha, July 18.—After hours of warm, earnest discussion the convention of middle west bankers met here to consider the Glass-Wilson currency bill, wound up their session at the Omaha club with the passage of a resolution severely criticizing the Wilson administration for attempting to pass a bill "conferring more extraordinary powers than had ever been proposed in any legislative assembly in the world."

Rumanians Advance on Bulgar Capital. London, July 18.—Rumanian troops are at Plevna and Mesedra, the latter town within thirty miles of Sofia.

On Saturday afternoon and evening, July 19th, the ladies band will serve ice cream and home-made cake on the court house lawn. There will be a band concert in the evening. Anyone wishing to help the band by donations of home-made cake or service may notify Misses Gertrude Kirch and Grace O'Brien.

Mrs. D. W. Stowell and Miss May Stowell of Clyde were among the shoppers in Maryville Friday.

That Great Slaughter Sale of Berney Harris
Maryville's Only One Priced Clothier

ALFALFA MOST VALUABLE FORAGE CROP

	ACREAGE	AVE. YIELD	VAL. PER A.
ALFALFA	18,000	2.8 tons	\$31
TIMOTHY	762,000	1.4 "	14
CLOVER	119,500	1.7 "	14
TIMOTHY AND CLOVER	1,600,000	1.6 "	14

According to the 1910 census of the hay crop, the state of Wisconsin grew 18,000 acres of alfalfa, which averaged 2.8 tons per acre for the entire state, and the average acre value of the crop was \$31.00. During the same year the combined acreage of timothy and clover averaged 1.6 tons per acre, valued at \$14.00. It costs no more to grow an acre of alfalfa than it does to grow an acre of timothy or clover. Therefore, assuming that the cost of growing an acre of clover or timothy to be \$10, the farmer would clear \$4 per acre in growing these crops, whereas the same farmer, if he grew alfalfa, would reap a profit of \$21 per acre. This is a very strong chart, and should be carefully studied by every one who is interested in making the farm more profitable.

On Visit to Grant City.

Mrs. W. E. Goforth and sons went to Grant City Friday morning to visit until Tuesday with Mrs. Goforth's parents, Rev. and Mrs. D. W. Connor. Rev. Connor is pastor of the Christian church at Grant City.

On Visit to Son.

Mrs. Mary Seckington left Friday for Eureka, Mo., to visit her son, Andrew Seckington. She was accompanied as far as Pattonsburg by Miss Margaret Seckington.

Miss Vesta Hunt of Ravenwood, a Conservatory student, went home Friday to spend the week-end with home folks. Miss Hunt makes her home with Mr. and Mrs. S. J. DeArmond while pursuing her studies.

Miss Bertha Wells of Stanberry returned home Friday from a few days' visit with Mr. and Mrs. James Sheridan. Miss Wells came to attend the graduation of her cousin, Miss Hazel Sheridan, from the Business college Monday night.

Mrs. Ida Ashbrook of Ravenwood, who has been visiting her sister, Mrs. Ad McClain of Burlington Junction, was in Maryville Friday returning home.

A HAPPY FAMILY?

Yes, and so will yours be if you make home pleasant for them. One way to do this is to keep on hand a case of our bottled soda. Phone us your order, we'll do the rest.

Brought Home From Hospital.

J. M. Propes of Skidmore, who has been a patient at St. Francis hospital, was taken to his home Thursday evening. Mr. Propes is the father of Mrs. Samuel Fullerton. He was considerably better Friday.

Death of Child at Quitman.

Albert, the 11-months-old son of Mr. and Mrs. H. C. Weddel of Quitman, died Thursday night after a illness of several months. The funeral services will be held at the Christian church in Quitman at 2 o'clock Saturday afternoon, conducted by Rev. H. C. Polly of the Christian church of Skidmore.

Fly Trap Still Working Overtime.

J. V. Parrish of Skidmore has caught in his fly trap up to date, Monday, 468,000 flies, by measurement. Mr. Parrish estimates that there are 2,000 flies in one gill or 64,000 in one gallon. He has taken the trouble several times to count out a gill of dead flies and finds that there are fully that many flies in one gill.

He empties his trap every few days and carefully measures them each time and says one would be surprised how many flies he can catch in a short time. Another surprising feature is that flies are noticeably fewer in a neighborhood where traps are kept. You can extinguish the fly, or at least destroy to a great extent the fly nuisance, if everyone would try.—Skidmore New Era.

Our Barnard Agent.

J. E. Stewart is our Barnard agent and will be glad to receive your subscription to either The Daily or Weekly Democrat-Forum.

CHAMBERS NAMED AS CHIEF OF MEDIATORS

Selected by President as Commissioner Under New Act.

Washington, July 18.—President Wilson selected William L. Chambers of the District of Columbia to be commissioner of mediation and conciliation, under the Newlands act, and G. W. W. Hanger as his assistant. Their names will be sent to the senate today. The other two members of the new board will be Judge Martin Knapp of the United States commerce court and Louis F. Post, assistant secretary of labor.

STRIKE IS THREATENED

Trainmen Will Not Agree to Board's Hearing Roads' Grievances.

New York, July 18.—The 80,000 trainmen and conductors, who threaten a strike against the eastern railroads, will not agree under any circumstances to have the roads' grievances arbitrated at the same time as the men's demands for better wages under the Newlands amendment to the Erdman act, according to a statement issued by W. G. Lee and A. B. Garretson, president, respectively, of the trainmen's and conductors' brotherhoods.

Five Buried Men Rescued From Mine. Eveleth, Minn., July 18.—The five men who were entombed at the Spruce mine as a result of a cloudburst were rescued.

The Weather. Generally fair.

Few See Things as They Are.

The mass of mankind will never have any ardent zeal for seeing things as they are; very inadequate ideas will always satisfy them. On these inadequate ideas repose, and must repose, the general practice of the world. That is as much as saying that whoever sets himself to see things as they are will find himself one of a very small circle; but it is only by this small circle resolutely doing its own work that adequate ideas will ever get current at all.—Matthew Arnold.

10 ounce fur hats at 45c each, all colors.

Boston and Paris Garters

We are agents for these lines. We carry them in single, double and triple fasteners.

Remember the place NUSBAUM

Satisfaction Guaranteed.

MULHALL IS PUT ON GRILL

Lobbyist Questioned as to Truth of His Own Testimony.

IDENTIFIES MANY LETTERS.

Asked About Alleged Relations With New Jersey Candidate for Congress in 1908, Who is Now Before Voters. Special Election Tuesday.

Washington, July 18.—Martin M. Mulhall, late "lobbyist" for the National Association of Manufacturers, was cross-examined about the truth of his own correspondence for the first time since he began to tell the senate investigating committee the story of his doings. Senator Reed questioned Mulhall about his alleged relations with S. W. McClave in 1908, when McClave was a candidate for congress in the Sixth New Jersey district against William Hughes, now junior senator from that state. McClave now is the Republican candidate in the new Sixth district, where a special election will be held next Tuesday. C. Hart, the Democratic candidate in this district, was endorsed by President Wilson. Senator Reed announced that McClave had denied acquaintance with Mulhall and said he wanted to prove who was telling the truth, Mulhall or McClave.

Identifies Many Letters.

Mulhall identified many letters from McClave to himself, written in 1908, said he went to the Sixth district to help McClave fight Hughes and gave details of his work there. He said the National Association of Manufacturers furnished him with \$3,900 for his fight and that a man named "Barber" put up \$2,000 more. He told about taking McClave to lunch and dinner, about riding around in cabs with him on political tours and in other ways helping out in the fight.

Mulhall said he furnished headquarters and paid for McClave's meals three times a day.

"What did you want to elect such a man for?" he was asked.

"He was a 'con' man; that's the only way I can explain it," said Mulhall.

The testimony about McClave was a climax to a rather sensational day, even for a committee that has waded through almost daily sensations for two months.

Mulhall identified hundreds of letters bringing in the names of dozens of the most prominent men in the Republican party in 1908 and speaking familiarly of making platforms, throwing influence to men for nomination to all sorts of offices and of working to elect or defeat others for congress.

ASSEMBLYMAN TESTIFIES

Says Sulzer Tried to Get Votes for Primary Bill by Threats.

Albany, N. Y., July 18.—Counsel for the Frawley legislative investigating committee decided that he would take up the matter of "widely published efforts to improperly influence legislators." He then called as a witness assemblyman Thaddeus C. Sweet of Oswego, who testified to having asked Governor Sulzer to approve a bill appropriating \$50,000 for a bridge.

"Assemblyman, how did you vote on my direct primary bill?" witness said the governor asked him. Mr. Sweet replied that he had voted against it.

"How are you going to vote on it at the extra session?" the governor continued. "Remember, I take good care of my friends."

Mr. Sweet said he continued to oppose the primary measure and his bridge bill was vetoed.

TWO DIE IN SUICIDE PACT

Old Woman and Young Man End Their Lives at San Jose.

San Jose, Cal., July 18.—After feeding Mrs. Olive J. Smith, eighty-six years old, morphine during a period of seventy-two hours, and writing down the story of her lingering death, Stephen Mastick, a tuberculosis invalid, threw himself into a shallow lake at Monterey. The body of the woman was found and searchers later discovered Mastick's corpse in the lake.

Letters signed by the pair said that they had arranged a suicide pact and told of a celebration of the intention in Monterey Friday, when they had ice cream, pie and milk.

The woman has been supporting Mastick on a \$12 monthly pension since his mother withdrew support several months ago. Mastick was twenty-nine years old.

Would Bar Interlocking Directorates.

Washington, July 18.—An amendment to the Glass-Own currency bill, to prohibit interlocking directorates in banking institutions, was proposed at the conference of Democrats of the house committee. The plan, offered by Representative Wingo of Arkansas, went over to the next meeting after a brief discussion and without a test of strength in the committee.

Lamar Grand Jury Votes Indictment.

New York, July 18.—A sealed indictment was handed down by the federal grand jury which has had under investigation the statements of David Lamar before the senate lobby investigation committee regarding the impersonation of congressmen.

Correspondence School Hazing.

The young man walked down Dearborn street with one shoe off and his coat turned inside out. A policeman stopped him.

"What's the idea?" he demanded.

"Well, you see, it's this way," replied the young man. "I'm taking a course at a correspondence school, and yesterday those darn sophomores wrote to me and told me to haze myself."—Chicago Inter Ocean.

A Colorado Year

Nearly everybody you meet asks you when you are going to start. It is more like a gold rush than a summer vacation. For the people who live in the valleys are wild for the mountain tops. Everybody knows Colorado. There is no use trying to describe it. One cannot paint the lily. This is the land where the green of the earth reaches up to the sky; where white capped peaks and white capped clouds lie asleep in an azure sea. It's Eugene Field's land of wonder-land—the land where dreams come true. Of course you are going. One is almost ashamed not to go. The question is how to get there. If you want to travel like a prince you take
